The Awasi Experience

At Awasi, there is no fixed program of excursions.

Each room is assigned a private guide and 4WD, giving guests the freedom to explore according to their own interests, rhythm and level of activity. Rather than joining scheduled group departures, each day can be shaped around what you would most like to see and do.

Before arrival, guests are invited to complete a questionnaire covering personal preferences, special interests, physical condition and dietary requirements. This allows the team to begin planning the stay before guests reach the lodge.

Every stay is shaped around individual interests, with a dedicated team helping guests make the most of Mendoza's vineyards, gastronomy and surrounding landscapes.

Fully Hosted

A fully hosted stay includes:

- Private guide and 4WD vehicle assigned to each villa
- Private explorations tailored to guests' interests and preferred pace.
- All meals
- Alcoholic and non-alcoholic beverages
- Private transfers to and from the airport, coordinated around arrival and departure times

The private guide and vehicle allow each day to be tailored to guests' interests, preferred pace and chosen activities.

Bed & Breakfast (B&B)

A B&B stay includes:

- Airport transfers, subject to arrival and departure times
- Breakfast
- A wine tasting with the lodge sommelier
- Access to the spa facilities, including the sauna and jacuzzi
- Bicycles for exploring the property

Other excursions and experiences can be arranged upon request and are charged separately.

Explorations

From the vineyards of Luján de Cuyo to the high Andes, Mendoza offers a varied range of experiences that bring together wine, gastronomy and the outdoors. Guests can spend their time discovering the region's wine culture, exploring mountain landscapes or enjoying activities on the surrounding lakes and countryside.

Under the Fully Hosted program, each room has a private guide and 4WD, allowing excursions to be tailored to individual interests and preferred pace. Guests staying on the B&B program can arrange additional experiences through the lodge, subject to availability and additional charges.

Cuisine

As a member of Relais & Châteaux, Awasi Mendoza celebrates regional ingredients, Argentine culinary traditions and the wines that define the region.

Led by Chef Nicolás Ridolfi, the kitchen follows a farm-to-table approach, drawing on seasonal produce from the lodge's own organic vegetable garden and orchard. Meals bring together local flavors, carefully selected ingredients and wines from Mendoza's renowned vineyards.

Vegetarian, vegan and gluten-free options are available upon request.
