A brief story

Legend has it that a deity set his sights on marrying a beautiful local maiden called Naipí. Sadly for the god, his love was not reciprocated, and the young woman fled in a canoe with her mortal lover, Tarobá. Angry beyond all measure, the god decided to chop up the River Iguazú, creating multiple waterfalls and condemning the lovers to an eternal fall. Thus, came about the IGUAZÚ FALLS.

At Awasi, our mission is to provide memorable travel experiences and to share with our guests something of the culture and nature of South America's most attractive corners.

Our Lodge

Built on stilts to minimize environmental impact, the 14 villas are spread throughout the jungle, each positioned for utmost privacy yet just a short walk from the main lodge. There are 13 standard villas and 1 Master Villa. All villas feature a private plunge pool and a spacious living area, while the Master Villa includes a larger plunge pool and living room, ideal for two couples or families.

Combining the seclusion of your private Villa with opportunities to socialize at the bar and restaurant in the main lodge, Awasi Iguazú offers the perfect setting to experience the very best of Argentina's Misiones Province.

Why Awasi?

Because we have a dedicated team committed to catering to your preferences: what sets us apart is our attention to detail.

Our Villas

The 13 standard Villas have surface areas of 100 square meters, whilst the two-bedroom Master Villa spans 120 square meters. They all have spacious living rooms and outside decking complete with sun loungers and personal plunge pools. Surrounded by jungle foliage, the stand-alone Villas are connected to the main lodge by stone walkways.

Our Cuisine

Our restaurant, for the exclusive use of Awasi guests, offers a daily menu using the finest local ingredients, adapted to your requirements. We are proud to deliver levels of culinary excellence that define us as members of Relais & Châteaux.

Mauricio Alvez is the Chef of Awasi Iguazu. Misiones native, he began his culinary journey alongside his grandmother's elbow. He highlights the rich ingredients and traditions of his homeland, focusing on seasonal fruits, local cheeses and fresh fish.

A person wearing a blue cap, a tan jacket, and a blue backpack is walking away from the camera on a wooden bridge. The bridge has metal grates on the floor and wooden railings. The surrounding area is a dense, lush green forest with many trees and leaves. The lighting is soft and natural, suggesting a daytime setting.
