# A brief story

Open in 2001, the lodge was born from the desire to offer truly Brazilian hospitality, in balance with nature and with a focus on privacy and excellence. Located on a private peninsula, surrounded by the Atlantic Forest and bathed by the calm waters of the Costa Smeralda, it has become, over the years, one of the main destinations for refuge, break and celebration.

With just 25 villas spread across more than 80,000 m<sup>2</sup>, the hotel has built its reputation based on personalized experiences, attentive service and cuisine that values local ingredients and traditions.

The privileged location, approximately 50 km from Florianópolis, in Governador Celso Ramos, connects guests to an authentic cultural heritage, while offering comfort, exclusivity and tranquility amid nature.
