DAY 1

Arrival in Awasi Patagonia

Arrive at the airport, where your Awasi guide will be waiting to meet you. Travel to the lodge aboard the INEOS Grenadier, taking in your first views of Patagonia's vast landscapes.

Upon arrival, check in to your villa and meet with your private guide for a personalized briefing to plan the days ahead.

Spend the afternoon settling into your villa, enjoying the views of Lake Sarmiento and the Torres del Paine peaks, or relaxing in your private hot tub. In the evening, enjoy dinner at the Main Lodge, featuring local ingredients and Patagonian flavors.

DAY 2

The Trail to the Towers

Head out with your private guide in the INEOS Grenadier for a day exploring Torres del Paine National Park. Discover the park on scenic hikes to the Cóndor and Cuernos lookouts, taking in panoramic views of the surrounding lakes and granite peaks. Pause along the way to enjoy a picnic lunch surrounded by nature. For more avid hikers, the challenging Base Torres trail leads through native forests and mountain valleys to the turquoise lagoon beneath the three towers.

In the evening, meet with Awasi's expert puma tracker over dinner to learn about these elusive predators, their behavior, and the conservation efforts taking place within our reserve. Together, discuss the plan for the following day's Puma Tracking experience.

A puma is lying down on a snow-covered mountain ridge. The puma's head is turned towards the camera, and its body extends along the ridge. The background is a solid, clear blue sky. The snow is bright white, and there are some dark, rocky patches visible on the mountain's surface.

DAY 3

Tracking Patagonia's Pumas

Rise early and head into the Awasi Conservation Area with your private guide and expert puma tracker. Explore the reserve in search of these elusive predators, following tracks and signs of their presence while learning about their behavior and the ongoing conservation efforts to protect their habitat.

Continue with a hike through the reserve, choosing from a variety of trails to find the one that best suits your interests and pace. Explore native forests, open grasslands, and scenic viewpoints, keeping an eye out for guanacos, condors, and other native wildlife along the way.

Return to the lodge in the afternoon for some time to relax before enjoying dinner at the Main Lodge.

DAY 4

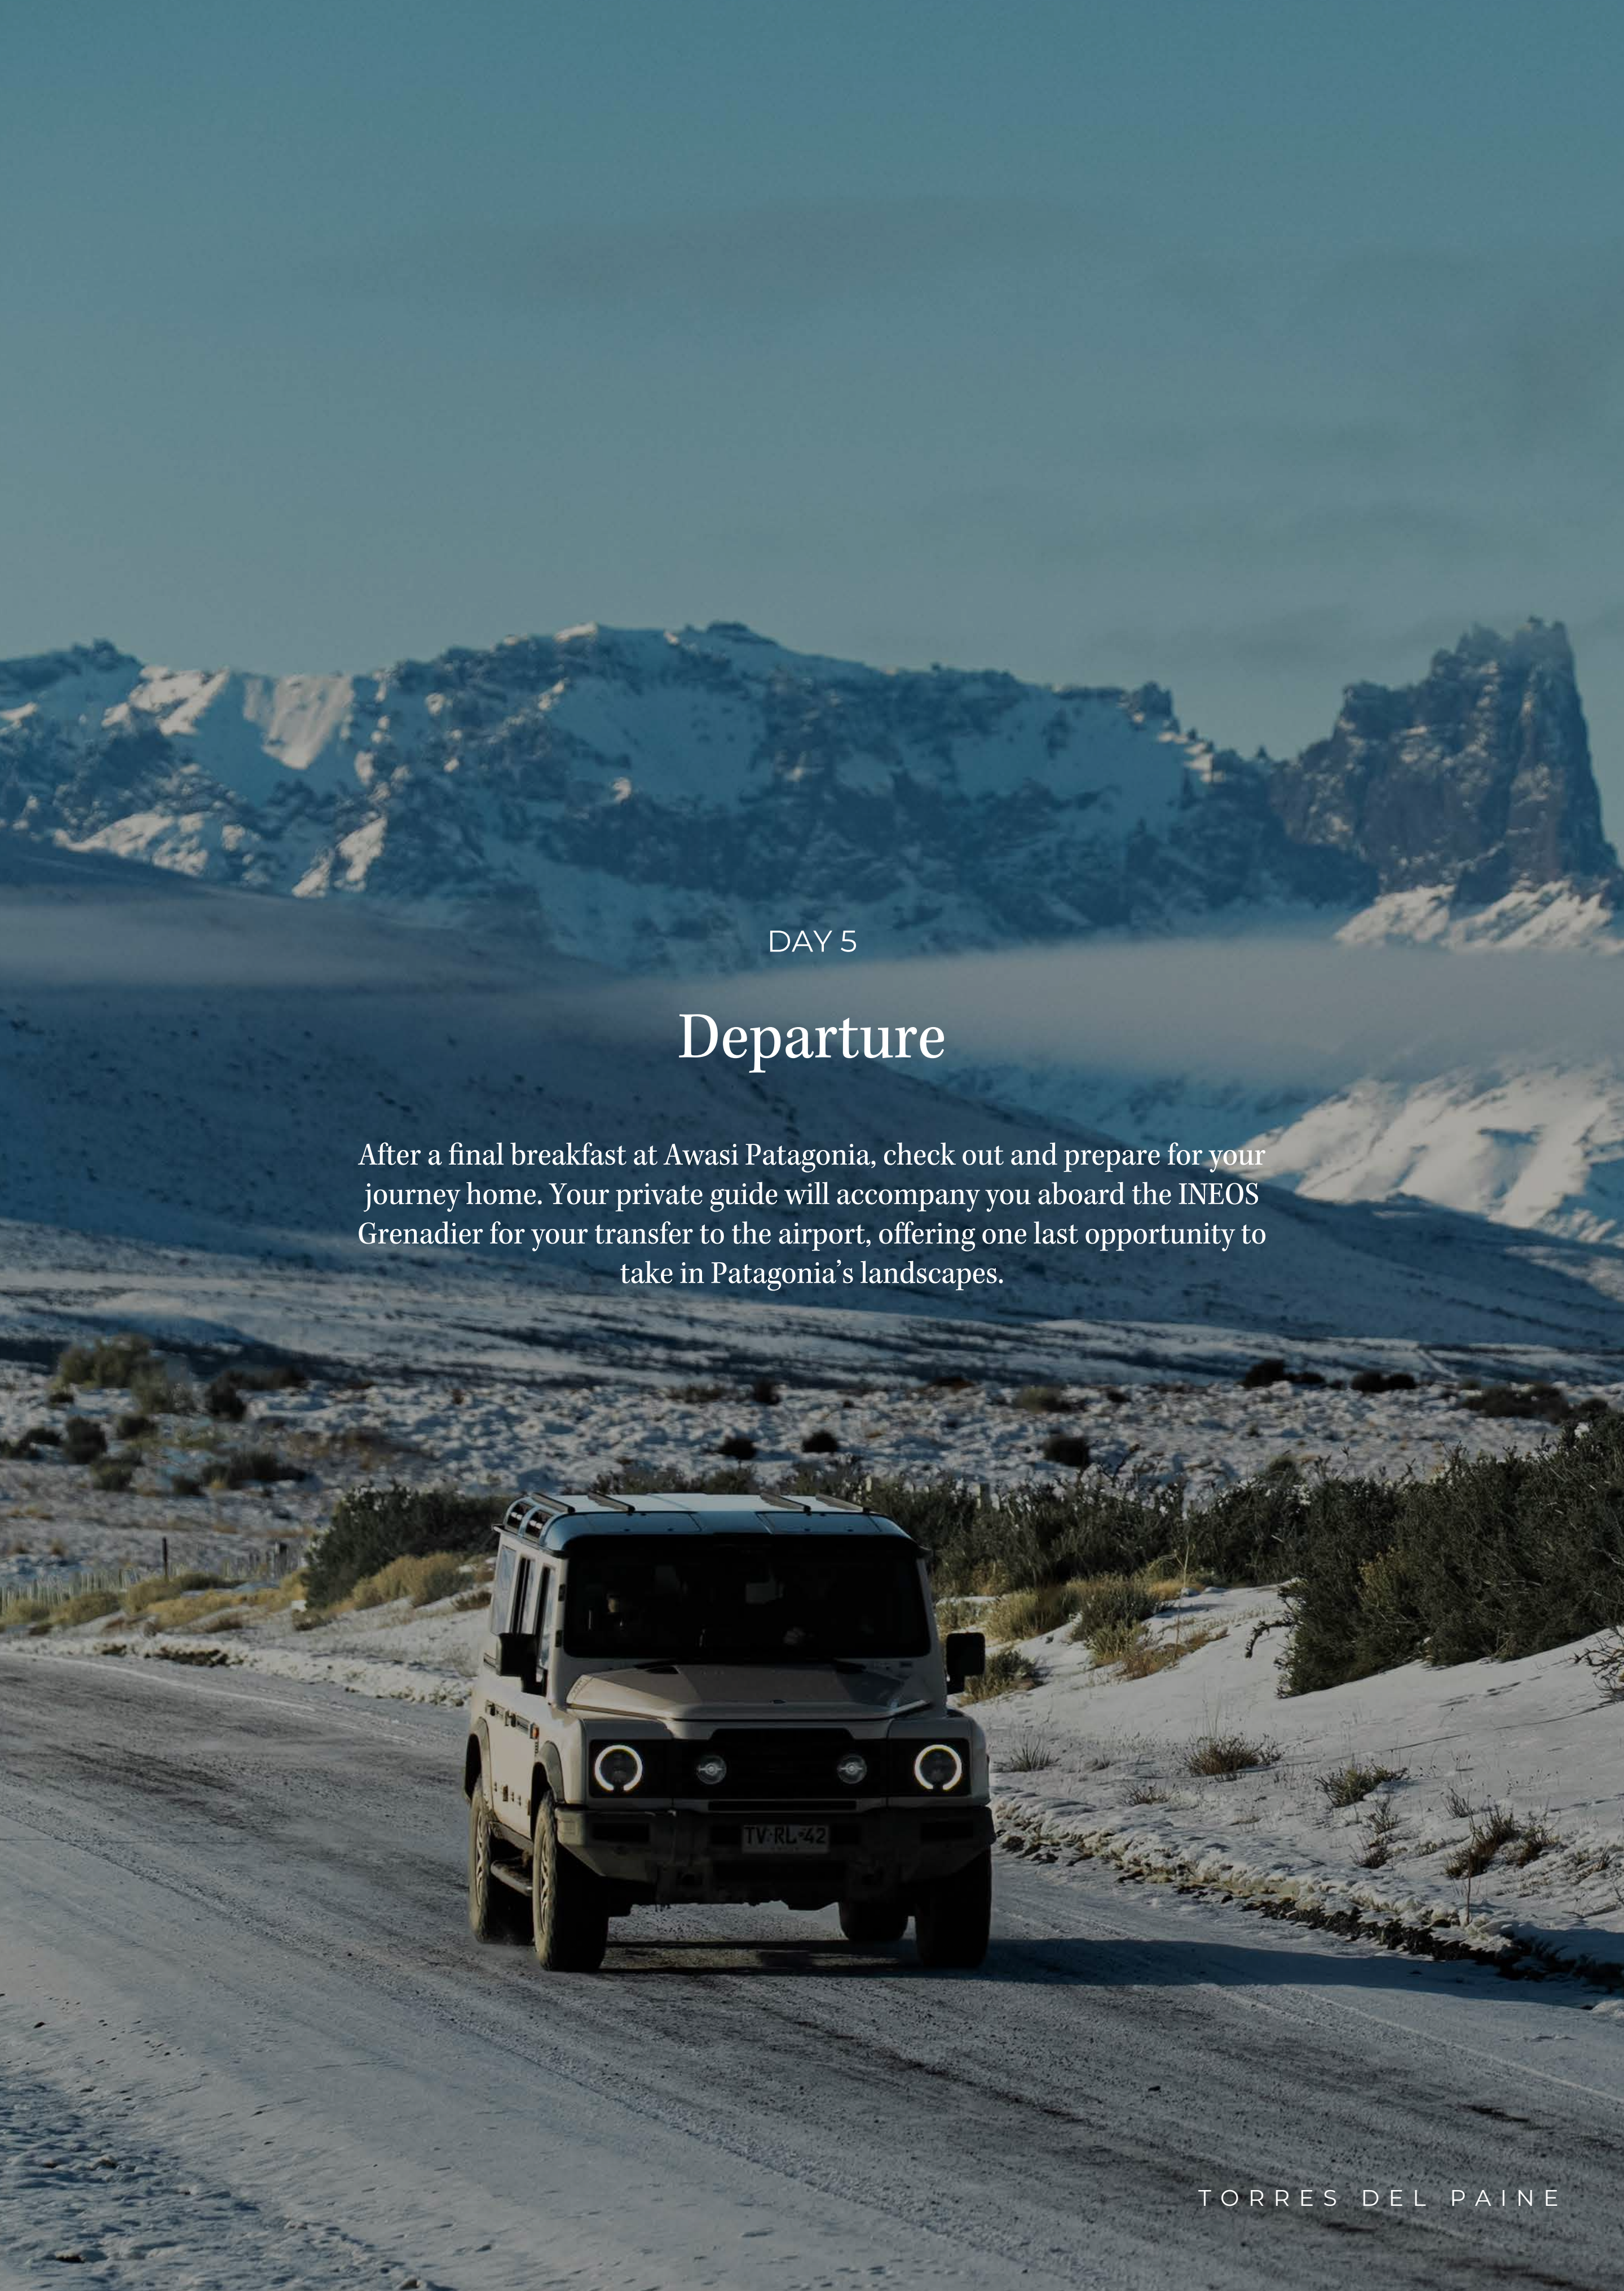

Off the Beaten Path

Set off with your private guide aboard the INEOS Grenadier toward Sierra Baguales, a remote mountain range where ancient rock formations and wide-open landscapes reveal a different side of Patagonia.

Explore the area on horseback or on foot, discovering fossils of ancient marine life and learning about the region's geological history along the way. Stop along the way for a picnic surrounded by the vast Patagonian scenery.

As the day comes to an end, head back to Awasi for dinner at the Main Lodge.

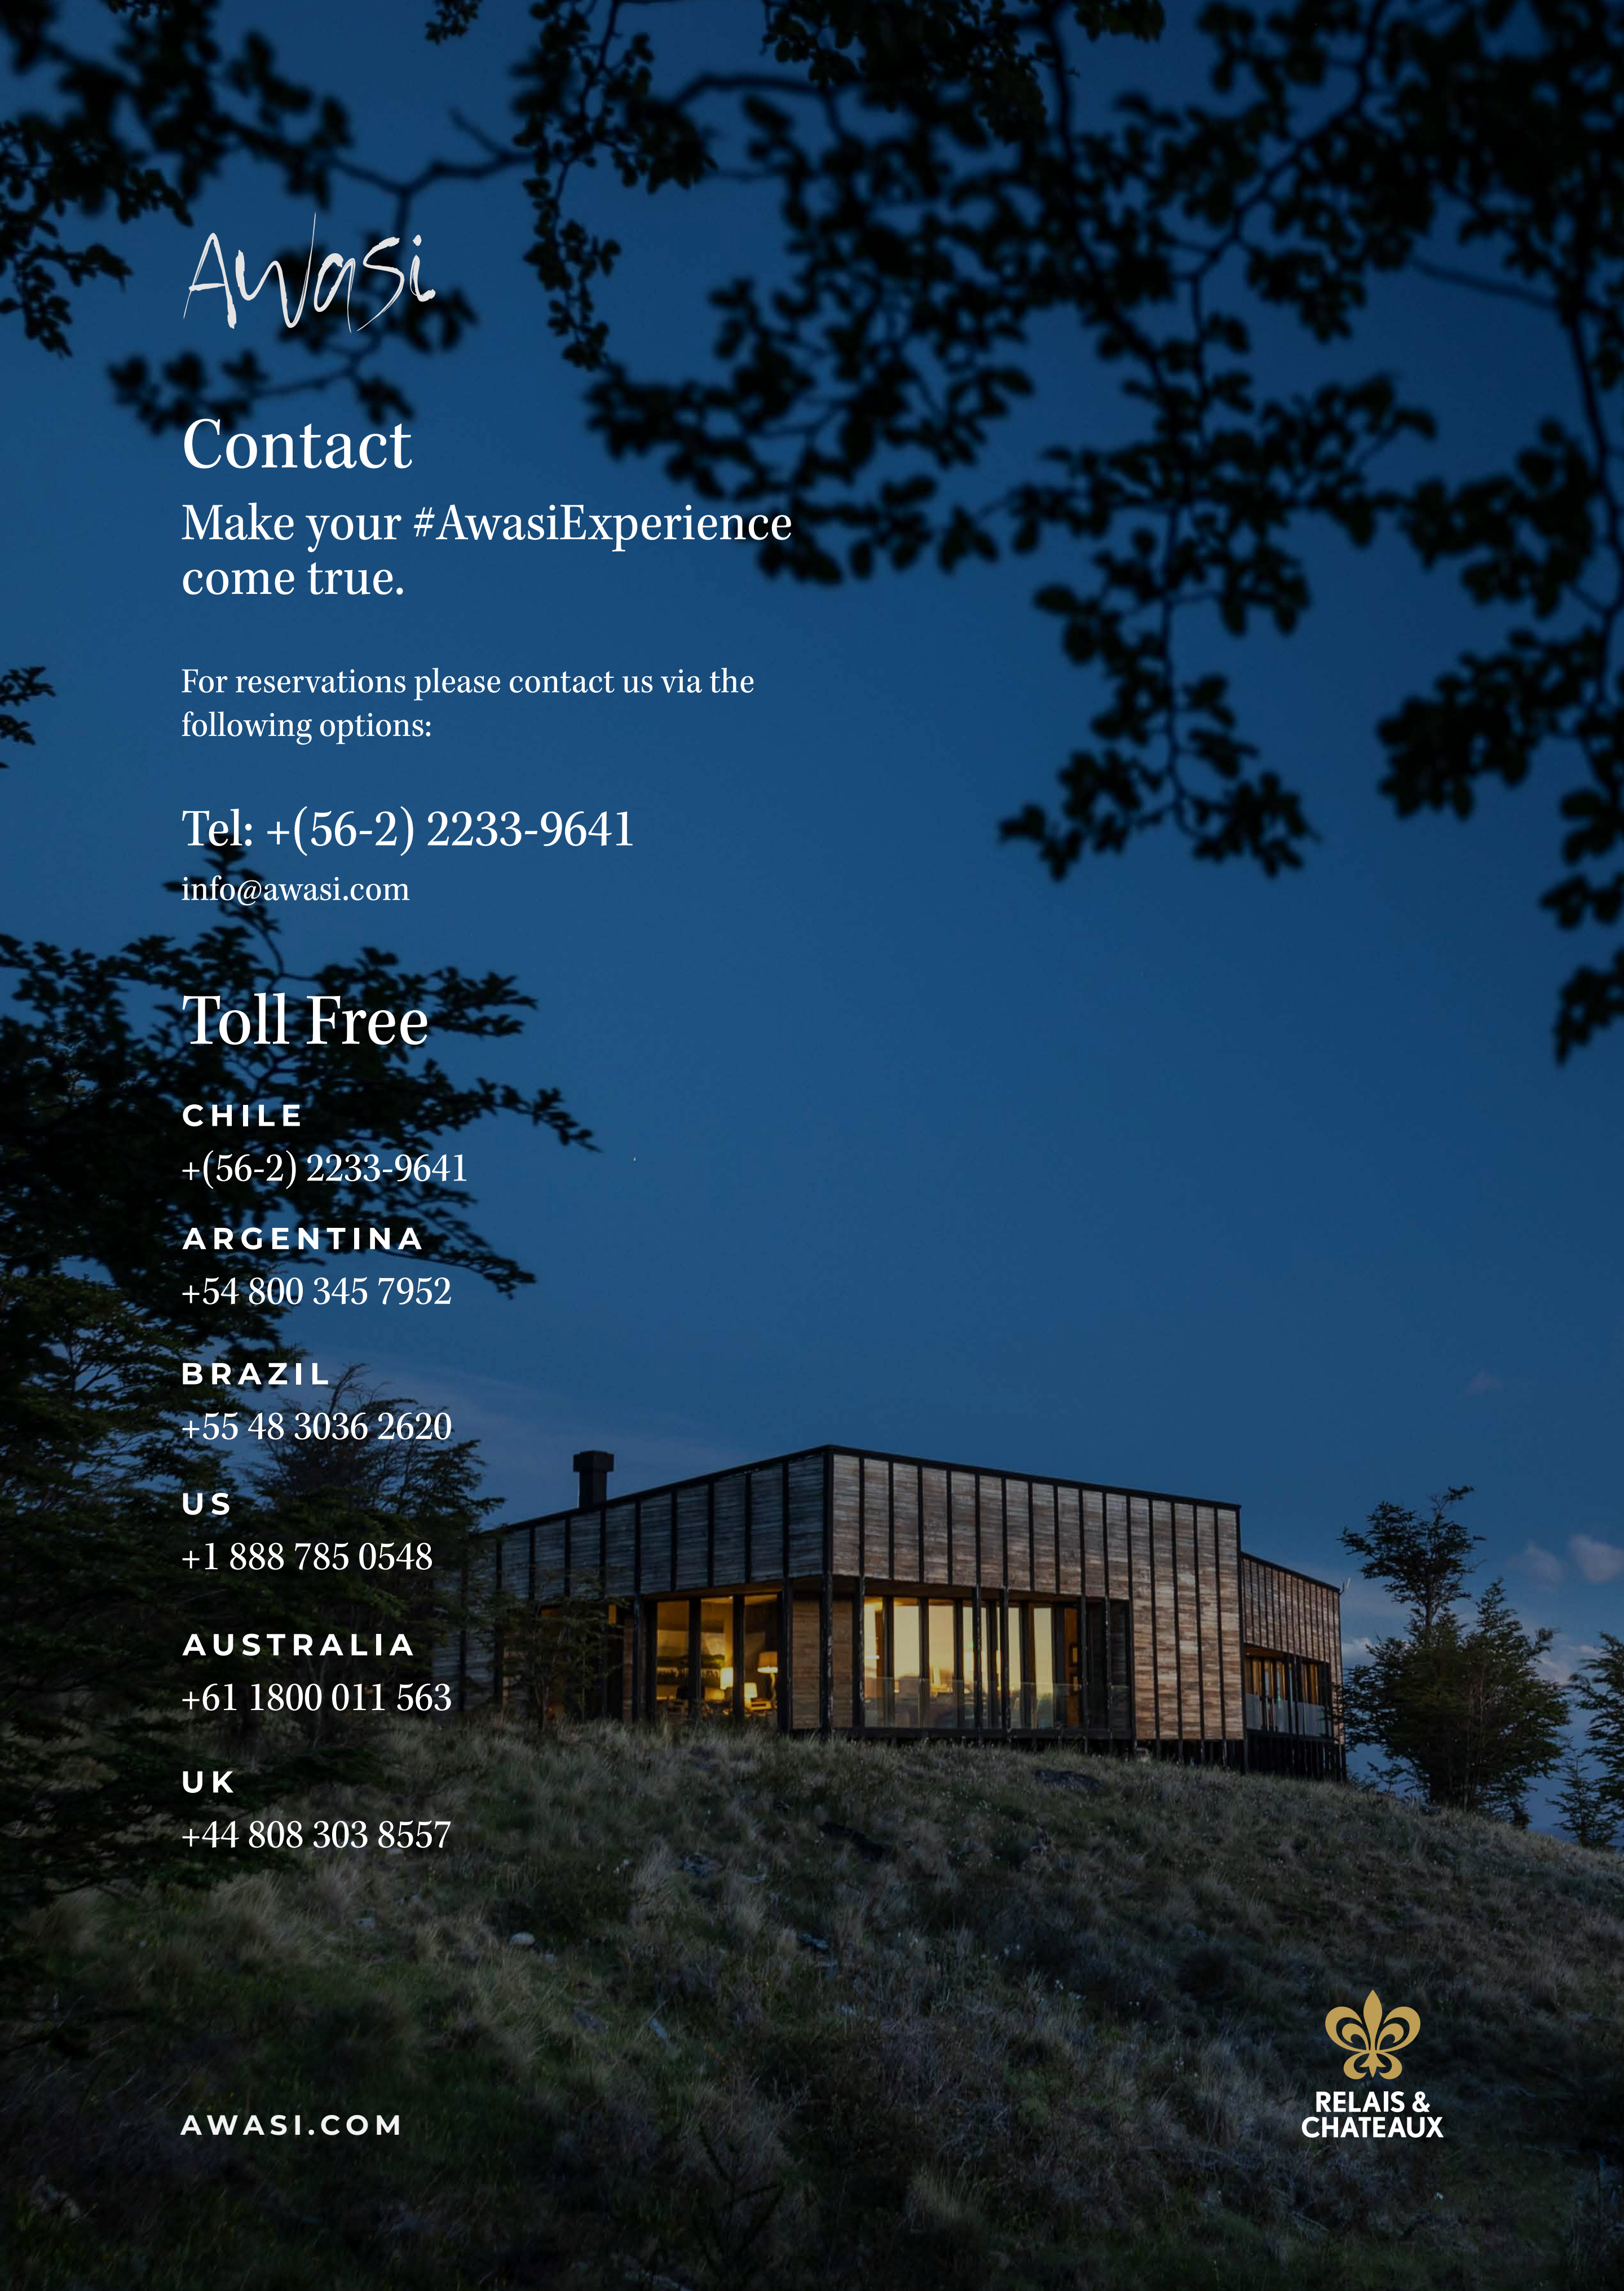

A white INEOS Grenadier SUV is driving towards the viewer on a wide, gravelly road. The vehicle has a license plate that reads "TV-RL-42". The surrounding landscape is a vast, open area with patches of snow and low-lying vegetation. In the background, there are large, rugged mountains with significant snow cover under a clear blue sky.

DAY 5

Departure

After a final breakfast at Awasi Patagonia, check out and prepare for your journey home. Your private guide will accompany you aboard the INEOS Grenadier for your transfer to the airport, offering one last opportunity to take in Patagonia's landscapes.
